

Data Storage Policy

I want to assure you that our conversation is private and secure. As a wellness consultant, I'm committed to maintaining the confidentiality of our chats. Our conversations are not stored on any server or database, and I don't have the capability to save or access our chat history. Each time you interact with me, it's a new conversation, and I don't retain any information from previous chats.

It's worth noting that some online platforms, like Zoom, may have settings that allow users to save chats, but that's not the case with our conversation (as mentioned in the Zoom support article, https://support.zoom.com/hc/en/article/id=zm_kb&sysparm_article=KB0067312). If you have any concerns about your privacy or data security, please feel free to ask, and I'll do my best to address them. How can I assist you further today?
